Voice Archetype

Wise Warrior / Protector King — older, wiser brother voice.

70% confident & direct · 20% playfully cynical toward mediocrity · 10% warm and present

Edge OFF for safety, struggle, loss, vulnerability. Faith is foundation, never lecture.

Never use

- ✗ Vivid Tailwind orange #F97316 — always use #CC5500
- ✗ Per-category rainbow colors — one unified treatment
- ✗ "Synergy", "leverage", "level up", "game-changer", generic hype
- ✗ Sponsored content positioned as honest reviews
- ✗ Punch down on struggling dads — edge is for mediocrity, not men in trenches
